# OUR FAIR TRADE STORY

KATHMANDU SEWING TEAM

We're proud to continue our partnership with a Certified Fair Trade company based in Kathmandu, Nepal.

They are a social enterprise committed to quality craftsmanship and empowering marginalized communities—providing survivors of exploitation and discrimination with fair wages, healthcare, job and life skills, and education for their children.

As they continue to improve quality and deepen their impact, we're proud to grow together—producing sustainable headwear that reflects our shared values of love, justice, integrity, and excellence.

HAT SHAPING ON THE PRESS

## HANDWOVEN WITH HEART

- For 8 years, we've been partnering with a family of second-generation straw hat makers in rural Mexico.
- Each hat is handwoven from local palm — biodegradable, breathable, and perfect for sunny days.
- We're honored to support their family business and help preserve the art of traditional palm weaving.
